Thanks to the great generosity of Mrs Amy Holland, who gifted Holland House to the Anglican Diocese of Worcester, this calm and tranquil place has been offering a welcome to all, since 1946.

70 years on and the current Trustees of Holland House, invite you to join them in continuing Mrs Holland's generous legacy, as we seek to renovate and conserve this very special house.

Our Vision for the Future-

- *To restore, conserve and preserve the significance of one of the country's national heritage assets, Grade II listed Holland House*
- *To deliver an expanded programme of retreats and activities*
- *To attract a greater number and a wider range of people to participate in sharing its Arts & Crafts historic environment, including the Lutyens designed garden*
- *To improve physical access to our main event space, the Chapel, for visitors who need assistance with mobility, whether through disability, infirmity or families with pushchairs*
- *To enhance and improve significantly the overall energy efficiency of the House, through insulation and new lighting, and thereby increase its long term sustainability both financially and environmentally*
- *To ensure our bedroom facilities can meet the needs of the coming decades through a programme of sympathetic redecoration and upgrading*

We need to raise a minimum of £100,000 overall for the project to proceed as planned and so we have launched our Appeal as part of our 70th Anniversary celebrations

Holland House Chapel

The Chapel was installed some 50 years ago, and currently has no insulation to the roof or walls, its side windows are all metal framed and single glazed. The main feature window is made of softwood and has reached the end of its life. These deficiencies are being remedied and the opportunity taken to improve the lighting and appearance to make the space an effective part of our vision for the next 50 years. This artist's impression shows how the Chapel will look after its restoration.

Our Appeal is being supported by a number of Trusts and Foundations. We have already received pledges and gifts totalling over £30,000 but we still need your help to make a difference. All support will be highly valued and well spent. All Appeal proceeds will be used to further our vision for the House as described
